Journal of the American Osteopathic Association
Index to Volume 97

The index is divided into an AUTHOR INDEX and a SUBJECT INDEX. Monthly page numbers are continuous through each issue. Items indexed from the reader sections are identified by volume page numbers, which are continued from month to month.

Included in the AUTHOR INDEX are entries arranged in alphabetical order for authors of original articles. Also included are listings for authors of signed editorials, reviews, letters, and research abstracts.

The SUBJECT INDEX includes entries for all original articles, editorials, letters, and research abstracts.

Editorial titles are listed alphabetically under the heading EDITORIALS.

MEDI-NOTES include entries by month, with subjects and pagination. AACOM UPDATE, EDITORIAL COMMENTS, and FEDERAL UPDATE also include entries by month, with subject and pagination. Entries for book reviews (identified by "BR") are indexed alphabetically by reviewers, under subject classification, under "Books." Entries for software reviews (identified by "SR") are indexed alphabetically by reviewer, under subject classification, under "S."

Author Index

Included in this author index are entries arranged in alphabetical order for authors of original articles identified by an asterisk (*), with case reports further identified by the letters "CR." Letters are identified by the letter "L," and research abstracts are identified by the letters "RES." Also included are listings of authors of signed editorials, identified by the letter "E," and book reviews, by the letters "BR." Supplements to issues are designated by month and "Suppl."

Subject index

The index includes subject entries for all original articles identified by an asterisk (*), editorials identified by the letter "E," letters by the letter "L," and research abstracts by the letters "RES." Editorials are also listed alphabetically by title under the heading EDITORIALS. Research abstracts, presented at the 1996 AOA Convention in Las Vegas in October, are listed alphabetically under the heading RESEARCH ABSTRACTS. Entries for AACOM UPDATE are listed under that heading, then by month and starting page. Entries for contents of federal update are listed under the heading FEDERAL UPDATE, then by month and page. Entries for contents of medi-notes are listed under the heading MEDI-NOTES, then by month and page. Entries for contents of editorial comments are listed under the heading EDITORIAL COMMENTS, then by month and page. Entries for book reviews (identified by "BR") follow all entries under the letter "B."
